

H&M Company, Inc.

GE Aviation Autoclave Addition

This design-build project for GE Aviation's new autoclave addition in Batesville, Mississippi is nearing completion. Design was completed by our in-house architectural/engineering firm, H&M Architects/Engineers, Inc. H&M also self-performed the electrical, concrete and structural/miscellaneous steel. The Batesville plant produces composite components for the GENx jet engine.

H&M Company is a national design-build firm headquartered in Jackson, Tennessee with offices in Nashville, Phoenix and Richmond. To learn more about H&M please visit our website or contact Roger Cook, Greg Kelly or Michael Eidson.
